

BIO·GEL

Bio-Restorative Hydrogel with PSP®

IDEAL FOR NORMAL TO OILY SKIN TYPES

Unique Hydrogel combines PSP® and hydrating Hyaluronic Acid to help restore elasticity and radiance to aging and stressed skin.

ANTI-AGING:

- Reduces appearance of fine lines and wrinkles.
- Improves skin texture and tone for renewed radiance.
- Enhances skin firmness.
- Oil-free hydrogel texture is ideal for men.

POST-PROCEDURE

- Nurtures, nourishes and refreshes stressed skin after non-invasive cosmetic procedures such as fillers, micro-dermabrasion and light peels.

ADJUNCTIVE CARE

- Helps soothe skin when used in combination with topical medications such as rosacea treatments, anti-acne or retinoids.

In addition to PSP®, Bio-Gel contains sodium hyaluronan which is the sodium salt of hyaluronic acid. Sodium hyaluronan is a major, natural component of the extracellular matrix of skin. Sodium hyaluronan in combination with growth factors are described to play a key role in wound healing.

Use AM/PM or as directed by your physician for renewed skin vitality!
