

PERLE

Skin Brightening Cream Formulated with Melaplex®

Hydroquinone-free spot minimizing brightening cream with Melaplex® demonstrated a 43% reduction in the appearance of spots after twice daily application for 12 weeks.

PERLE SKIN BRIGHTENING CREAM HELPS TO:

- Visibly diminish the appearance of age spots and uneven skin tone.
- Restore the look of skin clarity and tone for a more luminous, younger looking complexion.
- Continuously improve skin brightness and radiance.
- Replenish skin's texture with Shea Butter, Jojoba Oil and Anti-oxidants C and E.
- May be used as a more tolerable alternative to prescription strength hydroquinone regimens or to maintain results following treatment with hydroquinone.
- Gentle enough for extended use and suitable for all skin types.
- Ideal for signs of mild to moderate skin discolorations.

Use AM/PM or as directed by your physician to cleanse, hydrate and prime skin.
